

PARKSIDE

Website & Technical Management — Proposal

Prepared for	Eng. Mohamed Ibrahim — CEO, Parkside	Date	July 16, 2026
Prepared by	Mohamed Mahmoud	Domain	parkside-dev.com
Role	Technical & Digital Solutions Manager	Contact	01124290934

This document summarizes the technical work already delivered for Parkside over the past year, outlines the ongoing management plan going forward, and sets out clear, transparent pricing so we can align and continue building on a solid, professional foundation.

Part 1 — Work Delivered (Past 12 Months)

The following work has already been completed and is live. All access, credentials, and control of Parkside's digital assets are held and managed securely on the company's behalf.

- ✓ **Domain Registration:** Domain registered, secured, and activated under Parkside's account (parkside-dev.com).
- ✓ **Hosting Setup:** Hosting plan booked and configured, with the website environment set up and ready.
- ✓ **Corporate Emails:** Around 10 official company email accounts created under the domain (e.g. name@parkside-dev.com), configured for webmail and mobile/desktop use.
- ✓ **Email Signature Design:** A professional branded email signature designed (name, title, phone, logo, and social links) ready to be rolled out across all accounts.
- ✓ **Access & Security:** Centralized, secure management of all hosting, domain, and email credentials — protecting Parkside's assets and ensuring continuity.

Over the past year this work has kept Parkside's domain, hosting, and email running reliably and under secure control — the essential digital foundation the business depends on daily.

Part 2 — Going Forward: Ongoing Management

To keep Parkside's digital ecosystem functional, secure, and up to date, the following ongoing scope is proposed with continuous supervision and improvements.

Technical Maintenance & Monitoring

- ✓ Regular monitoring of website performance, server health, and domain status.
- ✓ Monthly minor updates, backups, and security patches.

Website Management

- ✓ Ongoing optimization of speed, structure, and links.
- ✓ Adding or adjusting small content updates as needed (up to 10 per month).

- ✓ Ensuring compatibility across browsers and mobile devices.

Email & Signature Support

- ✓ Maintenance of all corporate emails and quick help with delivery, quota, or login issues.
- ✓ Rollout and installation of the branded email signature across all accounts, on web and mobile.

Social Media & Security

- ✓ Keeping official pages active, secure, and properly branded.
- ✓ Basic security configuration (SSL, spam protection, uptime monitoring).

Backup & Recovery

- ✓ Monthly full backup of website and email data, with rapid restoration if issues occur.

Part 3 — Investment & Pricing

Services

Item	Details	Amount
Setup Phase (one-time)	Full setup — delivered	10,000 EGP
Past-year management (goodwill)	Discounted lump sum for the past 12 months	12,000 EGP
Ongoing monthly management	Starting from this month	2,000–3,000 EGP / mo

The monthly fee starts at 2,000 EGP, covering all essential maintenance, monitoring, backups, and up to 10 content updates per month. It may rise to a maximum of 3,000 EGP only if additional requests, extended support, or more than 10–15 updates are required in a given month.

Hosting & Domain (annual, at cost)

Item	Details	Price
Hosting — Stellar	Up to 30 email accounts	\$27 / yr (\$59 renewal)
Hosting — Plus	Unlimited email accounts	\$35 / yr (\$88 renewal)
Domain	Already secured & active	\$12 / yr (\$17 renewal)

Payment Terms

- ✓ Setup Phase: 50% down payment, 50% on completion (this phase is already delivered).
- ✓ Past-year management: one-time settlement, payable on agreement.
- ✓ Ongoing management: billed monthly.

Best regards,

Mohamed Mahmoud
